## NEWS ITEMS OF INTEREST.

Upon himself and his 800 wives the Sultan of Turkey spends annually \$10,000,000.

Oranges, lemons, olives, and almonds are to be cultivated in Florida soon by a large number of Italian colonists, now on their way to that State.

One of the most enlightened monarchs of the present day is the Queen of Madagascar, who labors earnestly to impress upon her subjects the importance of sobriety and education.

The National Industrial Exhibition contemplated for Moscow in 1880 has been postponed one year, on account of the general feeling of insecurity and the unusual dullness of Russian trade.

At the age of 82, a man living in a farm house at Hampton, N. H., finds himself able to read fine print, although for fifty years he was entirely blind. Six months ago his sight suddenly returned to him.

A New Jersey boy on the St. Mary, in writing home, says: "There are three things a boy wants as soon as he gets to sea—first, to get home; second, a good square meal, and third, to get his fingers on the fellow who wrote 'Jack Harkaway'."

Great opposition is being manifested in the Austrian dominions to the introduction of American meat of all kinds. The Government has not prohibited the importation, but the local producers proclaim that the American article is rotten with worms.

San Antonio, Texas, has a flourishing woolen mill which turns out excellent cassimere cloths at exceedingly low prices, as the wool is clipped from herds of sheep feeding in the immediate neighborhood. Texas is also rapidly putting up cotton factories in order to utilize her superabundant cotton crops.

A leading Irish journal says that Americans have spent last summer over a million of dollars in Switzerland, and suggests that Ireland is a land of rare beauty and its song ever hospitable to the stranger. There is more wit to be heard and more beauty to be seen in the Emerald Isle in one day than there is to be found in Switzerland in a month.

The pardoned prisoners from New Caledonia are bringing out medals in Paris for all those who served in and under the Socialist Government of 1871. Of course these medals will not be worn. They will be concealed for the present; but on the first insurrection tens of thousands will come into the streets recognizable to each other by an exposure of these decorations.

## A Law Worth Knowing.

Section 2673 of the Compiled Laws says:

"If any officer, in the execution of his office in a criminal case, having legal process, be resisted and assaulted, he will be justified if he kill the assailant. If any officer or private person attempt to take a person charged with felony, and he be resisted in attempting to take the person accused, and to prevent the escape of the accused, by reason of such resistance, he or she be killed, the officer or private person so killing shall be justified; provided, that such officer or private person, previous to such killing, shall have used all reasonable efforts to take the accused without success, and that from all probability there was no prospect of being able to prevent injury from such resistance and the consequent escape of such person."

## Eating His Own Note.

Mr. and Mrs. Lawallen went to a meeting at North Vernon, Ind., two years ago, in which the need of endowing Hartville University was feelingly set forth. The Lawallens, in the excitement of the occasion, and being recent converts, subscribed \$2000, and the husband gave his note for that sum. They afterwards regretted their liberality, and tried to annul the agreement, but the university officials refused to give up the claim. Mr. Lawallen finally asked to see the note, hastily crammed it into his mouth and swallowed it. An indictment has been found against him.

## A Romantic Indian Girl.

The Indian Princess Monica, daughter of Spotted Tail, the Sioux chief, fell in love with an army officer at Fort Laramie, and plainly told him so. He informed her that he was engaged to marry a girl in Ohio, but she persistently followed him, until her father removed her to a distant camp. There she died of grief, after directing that her body be buried on the spot where she had first met the officer. This story is told by Captain Alexander Wright, who was at the time on duty at Fort Laramie.

## A Story We Utterly Disbelieve.

From the Burlington Hawkeye. "See!" said a reverend gentleman, "here is an illustration. At one time I should have sworn awfully at this fly—but, look now." Raising his hand, he said, gently, "Go away, fly, go away." But the fly only tickled his nose the more. The reverend gentleman, raising his hand with some vehemence, made a grab at the offender, and, being successful, opened it to throw the insect from him, when, in extreme disgust, he exclaimed: "Why, d—n it, it's a wasp!"

## THE ROYAL EAGLE.

The Big Bonanza of Dun Glen.

From the Silver State.

Dick Thomas arrived here yesterday, and brought some specimens from the mountain of gold-bearing quartz discovered at Dun Glen last week. He says the locators have called the find the "Royal Eagle." It crops out ten or twelve feet high on the mountain, but as it was exceedingly large and covered with moss, none of the hundred of prospectors who passed by it since the district was organized ever suspected that the bluff was quartz, and literally spangled with gold. When Thomas left Dun Glen the discoverers had drifted over twenty feet into the bluff at right angles with the course of the ledge, and were taking out quartz that will average at least \$100 to the ton. The specimens which he brought here were broken from a boulder which a blast had thrown down the hill, and free gold is visible to the naked eye all over them. He says there are thousands of tons of quartz in sight, in all of which free gold is visible, and all that is now required to make Dun Glen one of the greatest gold-producing camps on the coast, is to reduce the ore.

Died to Death After Having a Tooth Drawn.

From the New York Sun.

William Kidd, the Captain of the canal boat Defiance, lying at a Jersey City wharf, had a tooth extracted by Dr. Downes two weeks ago. The bleeding from the cavity left in the jaw continued, despite the efforts of several physicians; until last night Kidd died in his boat from exhaustion, caused by the loss of blood.

How to Save Money.

Instead of going to a doctor for a prescription, if you have Bright's disease, Diabetes, Pain in the back and loins, Smarting, Inflammation, Catarrh, Brickdust deposit, or any trouble of the Kidneys or Bladder, buy a bottle of Dr. MINTIE'S Nephreticum, the great Bactericidal Compound. It is the most wonderful prescription ever compounded for these troubles. Messrs. Abrams & Carroll, wholesale druggists, say: "We regard Nephreticum as the best Kidney and Bladder Remedy in the market." Woodward, druggist, Portland, Oregon, says: "Everybody speaks highly of it." Childs, druggist, Portland, Oregon, says: "I sold lots of it; it always does the work." Many have been cured of obstinate kidney complaints after the doctors have given them up. For sale by Osburn & Shoemaker. Price \$1.25. oct 3

## EDITORIAL NOTES.

The Independent says that some samples of Chevalier barley were sent from Elko to a large malt house in Chicago. The barley was grown this season in Lamolite valley. The Chicago firm has advised the grower that the grain is far superior for malting purposes to any they have seen in this country, and offer a much higher price for all such grain than is paid for the best quality in the Eastern market. Farmers in this section would do well to procure some of this Chevalier barley for seed. It might prove a very profitable crop in our valleys.

We desire to call the attention of our readers to the annual fall meeting of the N. A. M. & C. Society, now in progress at Carson. The good people of Carson contributed their share towards the success of the late fair in Reno, and ours should return the compliment. A visit to the Capital is in itself attractive, and with the inducements of half fare and good races, Reno should be well represented at Carson this week. The speed programme for to-morrow will be found on our third page.

Judge Morrison, of San Francisco, yesterday declared the marriage of W. W. Smith with Annie Carpenter illegal, on the ground that the divorce from his former wife, which Smith obtained in Arizona, was unlawfully granted. It will be remembered that the divorce which Smith obtained by an act of the Arizona Legislature occasioned a very dirty scandal at the time. The basis of the decision is that Smith was never a resident of Arizona, and hence the divorce was illegal.

Parker, the pen seller, who was in Reno a month or two ago, has got into trouble in Montana. The Helena Herald calls him "a fat fellow," "a pen sharper," "a burly-bodied, crotch-headed gent," and "sharper," and refers to his "swindling game." It appears that Parker attempted to ply his trade in the territory without a license, and was arrested in consequence. He was compelled to disgorge, as the Herald puts it, "\$50 of his ill-gotten gains."

Before another fortnight Grant will be in Reno. The man is deserving of a hearty welcome from all good citizens of the United States. It is high time that something were done to secure him a warm reception. A citizens' meeting should be called immediately, and a committee appointed to take the matter in hand.

If the world is not all given to lying there is a fine prospect in Sierra Nevada. The late developments are reported to be very promising. And yet dealers in San Francisco began to unload yesterday. It seems to be their habit to copper all news from the Comstock.

A summary of the Assessment Roll of Washoe county for the current year will be found on the third page. It is gratifying to note an increase of nearly \$23,000, over the valuation of last year. Several counties in the State show a diminished roll this year.

The homo-hippis contest began in San Francisco last evening. Two of the seven men entered failed to start, and only six horses came to the score. One of the horses in the match is Denver Jim, of the Bronco school exhibited in Reno last summer.

The latest news from Ohio confirms the dispatches of yesterday, and brings assurance of a still greater victory for the Republicans than was at first announced.

Bodie is free from any cases of pneumonia just now.

## Firing on Constables.

MENDOCINO, Oct. 15.—Constable William Hart went out this morning with a posse to arrest four men who had previously been found encamped in the woods four miles east of town, jerking a beef surreptitiously killed. Their first camp was deserted, and following for a mile or two the posse came to the remains of another campfire, apparently also deserted. Wright stooped over the ashes to ascertain whether they were yet warm, and when raising the outlaws fired four shots from the bushes, dangerously or fatally wounding Wright and Dallard, inflicting a flesh wound through the shoulder on Nichols and perforating Garlbrait's coat. The two latter returned for reinforcements, and A. Nelson, the other constable, started out with a large posse in pursuit, also telegraphing for the Sheriff to meet him at Little Lake with a posse.

## THE OHIO ELECTION.

A Complete Victory for the Republicans—They Elect the State Ticket and Have a Majority in the Legislature.

COLUMBUS, October 15.—The Republican victory is so complete that it surpasses the Republicans and overwhelms the Democrats. At the Democratic Committee-rooms there is little figuring being done. The committee say they have no news. They concede the election of the State ticket to the Republicans by a handsome majority and allow them a working majority in the House of Representatives, but still claim to have a majority of one or two in the Senate. As for the State at large, the estimates of Foster's majority at this hour (8 P. M.) vary from 15,000 to 20,000.

CINCINNATI, October 15.—The Republican State committee estimate Foster's majority at 20,000, with the chances that the full returns will rather increase than diminish these figures. They claim 70 out of 114 members of the House of Representatives, which is twelve more than is necessary to pass a bill. The committee claim nineteen Senators, which is a majority of one, with a show of two Republican majorities.

CLEVELAND, October 15.—Since noon the returns received by the Republican State committee show that the Republicans have elected Sinks in the Third District and Mounts in the Second District, but they admit the defeat of Chambers in the Fifteenth District. This gives the Republicans 23 Senators and 67 Representatives, or thirteen majority on a joint ballot. The Democratic Committee do not concede as large a majority as this, and it may take the full official returns to decide what the exact majority in the Legislature will be.

The Canyon City (Oregon) News has the following: Fred Miller, who farms a few miles below here on the river, went to stop a Chinaman, Ah Toy, from digging a ditch through his field and the Chinaman said he was only fishing. Fred took his net from him and threw it away, whereupon the almond-eyed Celestial drew his knife and stabbed Miller once in the ear, in the neck and in the back, inflicting three very bad wounds.

Last Sunday almost every man in Austin went to the races on the Reese river track and left the ministers to run the churches.

Several cases of pneumonia in Tuscarora.

## Suicide.

A distinguished scientist once said: "No man with a strong and healthy stomach ever committed suicide," and yet many are suffering the tortures of the damned with Dyspepsia, when a single bottle of Dr. Mittle's English Dandelion, Liver and Dyspepsia Pills will give relief, and, if persisted in, will cure the worst case of this distressing trouble. This pill cures Torpid Liver and Biliaryness, regulates the bowels, removes pimples from the face, cures salivary complexion, font breath, sick headache, heartburn, pain in the sides and back; is sugar-coated, and GUARANTEED TO BE PURELY VEGETABLE. It acts directly upon the coating of the stomach and on the liver; can be taken in any climate—wet or dry weather. Beware of imitations. The genuine has an engraving of a lion on the outside wrapper. Price 25 cents. For sale by Osburn & Shoemaker, druggists. 03

Sir Astley Cooper's Vital Restorative: The great English remedy—has made more cures of Nervous Debility, Seminal Weakness, Lost Manhood, nocturnal emissions, lassitude, inability for mental labor, despondency, and such other ailments, than all other medicines combined. It is not a stimulant nor excitant, is perfectly safe to take, is not a quack nostrum, and produces results that are wonderful. Why will you suffer? Send to A. E. Mittle, M. D., No. 11 Kearney street, San Francisco, or the Restorative, and be cured. Price, \$3 per bottle. Four times the quantity, \$10. Try a bottle. Dr. Mittle treats all private diseases successfully. Osburn & Shoemaker, Agents. 1616-17

## NEW TO-DAY.

### Notice of Assessment.

SOUTHERN NEVADA MINING COMPANY. Location of Works, Santa Fe Mining District, Esmeralda County, Nevada. Principal place of business, Reno, Washoe county, Nevada. Notice is hereby given that at a meeting of the Board of Trustees of the Southern Nevada Mining Company, held on the 15th day of Oct. 1879, an assessment (No. 1) of ten cents per share was levied upon each share of the capital stock of the company, payable immediately in Gold Coin to the Secretary.

Any stock upon which this assessment shall remain unpaid on the 15th day of November, 1879, will be delinquent and advertised for sale at public auction, and if not sold before, will be sold by the Secretary at the Reno Savings Bank on the 15th day of December, 1879, at 3 o'clock P. M. of that day, to pay said delinquent assessment together with costs of advertising and expenses of sale. By order of the Board of Trustees, Office corner West Street and Commercial Row, Reno, Nevada. October 16th, 1879-30d.

## MARRIED.

HENDER-BERRIES.—In Elko, October 13th, 1919, by J. H. Suggitt, J. P., Charles Hendee and Miss Louisa Berries, all of Susanville, California.

## DIED.

McCORMICK.—In Glendale, Oct. 14, 1879, Joseph McCormick, a native of Scotland, aged 61 years.

## An Unlucky Man.

William Dunham is an unlucky man. He is a Comstock miner and has been trying for ten years to make "a strike" that would enable him to go back to his old home in Maine with some money in his pocket. A few years ago he lost two fingers by the accidental explosion of a giant powder cap. Shortly after his recovery one of his hands was mashed in dumping a car load of ore. At last he managed to get together a few thousand dollars, and set out from Virginia on his way to Maine. He got no farther than Reno, however, for here his journey was cut short by an attack of paralysis. It is hoped that he may soon recover, and reach his old home at last.

## After The Thief.

Deputy Sheriff Dute Gray went to the Summit this morning with a view to the recovery of a horse and buggy stolen from W. H. Toles in Six Mile Canyon, on Sunday, Oct. 6. Information was received here that the horse and buggy had been seen in that neighborhood.

## Official Fees.

During the quarter ending Sept. 30th, Constable Avery received fees to the amount of \$394 45; Justice Power \$83; Justice Young \$443 35; Auditor Williams \$781 75; Sheriff Walker \$1,607 86.

## THE GROODY CASE.

More Testimony Given—Direct Evidence That Groody Had Money on The Night of his Death—Known by Another Name for Twelve Years—A Verdict Rendered.

Last evening the Coroner's jury in the Groody case heard additional evidence. Owing to the illness of Coroner Jones, the testimony was taken by Justice Young. The following is a report in full of the proceedings:

W. E. McGuire, sworn; Have known the deceased for about twelve years by the name of Sam. Backland; saw him for the first time at Colfax in 1865. I last saw the deceased on Thursday night. Between 8 and 9 o'clock I met the deceased near the Arcade saloon. He asked me to take a drink with him there. We went in and took a drink. He showed me money in his hand which he said

## HE HAD WON ON POOLS.

I saw two \$20 pieces and some other coins in his hand. We came out and he stopped at the corner of the Palace saloon and talked with a man he met there. That was the last I saw of him. He said nothing to me about having been robbed. He was living in Reno six or seven years ago and went away. Have not seen him since until about a month ago. Do not know that he had a family. He had been drinking a good deal previous to his death. The last night I saw him he appeared to be sober.

## FINDING THE BODY.

N. D. Mussey, sworn: On Friday morning about 7 o'clock, A. J. Hartley and I were going home, and near the V. & T. bridge one of the men on a freight engine told us that there was a dead man in the river below the bridge. We found the body near the waste gate of the flour mill flume, with several Indians standing around it. He was lying on his face, partly out of water, about a hundred feet from the waste gate. I went to notify Coroner Jones, but he got to the spot before I found him. When the waste gate is raised there is water enough to carry the body where we found it.

## THE DECEASED HAD A FAMILY.

D. D. Butterfield, sworn: Deceased came to work for me about Sep. 20th. He was called Mike. He worked for me up to Oct. 5th. The next day he was too drunk to work. Last saw him alive on Tuesday night Oct. 7th. He had no money that I know of. I still owe him a few dollars. He told me that he had four children in Pennsylvania and that his wife was dead.

The jury after a few minutes consultation agreed upon the following VERDICT:

We, the jury summoned and sworn to inquire into the cause of the death of a person found dead in the Truckee river on Oct. 10th, find that his name was probably Michael Groody, or Samuel Backland, and that he came to his death from causes unknown to the jury.

## Yesterday's Races at Carson.

The first race at Carson yesterday was a running dash of one mile. Madge Duke, Illusion and Dice Box started. Madge Duke won, Illusion second, Dice Box third. Time, 1:46 1/2.

A running race of a mile and repeat followed, in which Glenita and Maggie S. started. Both heats were won by Glenita. Time, 1:47 1/2, 1:47 1/2.

The last race was for trotters of the 2:50 class. Belle Spencer, Surprise, McClellan and Stonewall Jackson were the contestants. Surprise won the first, second and fourth heats and the race, Spencer taking second money, McClellan third. Time—2:56 1/4, 2:42 1/4, 2:49 1/4.

## Items From Lovelocks.

Mr. and Mrs. Asher, Miss Jennie Lovelock, and Harry Wingate, Esq., returned from Reno Monday, having been absent a week attending the Fair. They report themselves delighted with Reno and the Fair.

John Cody and Charles Blackfan, with their families, accompanied by Mr. Brooks and S. Hazelton, left here for Oregon last week. They are going with teams, and expect to be on the way five or six weeks.

It rained all day Sunday and Monday, and the dust is well settled.

## A Very Young Bride.

Miss Louisa Berries and her father in company with Charles Hendee, recently left Susanville for Cherry Creek, White Pine county. While on the road Hendee proposed marriage to Miss Berries, and when they reached Elko they were made one. The bride is only fourteen years old, while her husband is thirty-one. After the ceremony they resumed their journey towards their destination.

## The Car Breakers.

The case of the two men charged with breaking into a sealed car of the C. P. road, came up in the Justice's court this afternoon for a second trial. On the first trial the jury disagreed and were discharged. A verdict had not been reached when the GAZETTE went to press to-day.

## Sandy Crocker's Condition.

Drs. Bergman and Brenson yesterday amputated R. H. Crocker's diseased foot. The patient was put under the influence of ether, but exhibited alarming symptoms after the operation. The doctors have faint hopes of his recovery.

Dr. Stone's Healing Lotion for Chapped hands, rough skin, cracks, etc. Put up only by Osburn & Shoemaker. sep 10

## WEST END NOTES.

A New Mining Excitement—The Salt Production—Interesting Items of News.

From our own Correspondent.

From Hon. Charles Keiser, of Stillwater, your Wadsworth correspondent gleams the following particulars of a promising mining excitement, some 18 miles east of Stillwater, and between 50 and 60 miles east of our little town. Some eight years ago Mr. S. Kellogg discovered rich croppings of free milling ore. He has done since that time the required \$100 worth of labor annually, to hold his claim. Within the past six weeks considerable attention has been drawn toward this new district, by parties from Eureka, and already a large number of claims have been located. A Mr. Jenkins, a mining assayer, has been kept quite busy making assays of the various ores in the district. The oldest and principal developments, have of course been made by Mr. Kellogg. His claims, to more particularly describe the location, etc., lie near the base of a mountain in the range immediately east of the Carson sink, and on the east side of the mountain. The surface croppings of the ledge are some 50 feet in width, and has been traced a distance of ten miles, along four or five miles of which, the ledge maintains nearly the same width. The vein then narrows with the slope of the mountain range, and is finally lost to view, just before the mountain is lost in the plain below. But to return to Mr. Kellogg's claim. This gentleman has run a tunnel, about 50 feet into the side of the steep mountain, and passed about 25 feet into the ledge. A large number of assays have been made, which run from \$20, the very lowest yet made, to

## \$3000 TO THE TON.

As stated, little attention has ever been drawn to this district, and it may be said, that the camp, even as yet, is scarcely known outside of a very few parties. There were about thirty men there at last accounts and more are on the route. Abundance of wood and water may be had in the immediate vicinity of the claims, and a wagon may be readily hauled to within three miles of the mines. The nearest point of departure for the mines is Brown's Station, which is about 45 miles from the new district. The wood obtainable is nut, pine and cedar. Another advantage, the mines may be worked the entire year. The new district has been named by Mr. Kellogg, the Black Prince. I saw D. R. Sessions, the State Superintendent of Public Instructions, and he is loud in his praise of this new district. The character of the ore, as far as learned, is quite similar to that of the Northern Belle, and, as I should judge, somewhat resembles the best ore of the Jones & Kinkaid. Part, however, is of lighter color than either, and is no doubt imbedded in decomposed quartz. The ledge is easily worked and the ore taken out without much difficulty. In fact, a blastiseldom made in the ledge. It is true that mining excitements are rather to be avoided than sought, but the men from whom I received my information are cool-headed reliable men, and in their statements give clear evidence that the facts point indubitably to the certainty and permanence of a very rich mining camp in this, the Black Prince district. The further in the tunnels have been run, the richer the ore found. The ledge runs north and south.

## SALT INDUSTRY.

At the northern base of the above mountain lies a large salt basin, in which enough salt could easily be gathered, to supply the world for a considerable time to come. Mr. Whitman, the owner of this salt marsh, has in the last few years taken about 300 tons of salt from this sand plain, as it is called, and is now supplying the Grantsville mines. Of course this salt must have a limited sale, as it is too far distant from the railroad to be thrown on the market. It is about 58 miles northeast of this place. The above mines, however, when they shall require the use of salt in the reduction of their ores, will obtain their supply from the Humboldt salt works, less than 20 miles distant, and where again an unlimited amount of salt may be easily obtained. In fact the salt bed is seven miles long.

## OUTSIDE PROSPECTS.

Mr. Sessions, who has just made an 800 mile visit, extending to nearly all the outlying camps, says that it seems as if the attention of mining men was just being directed to the prospecting of outside mines. Old Pioche promises a resurrection. Litigation, however, keeps the camp rather dull just at present. But the restless population digs away on the mountain sides which stand as the rugged protectors of that far away little town, and ere long the patient labors of the years past, will produce the mining life, for which Pioche was once so famous. The mines south of here are putting in new engines and becoming mines with a future life. Mr. Sessions believes our more or less banner state has untold treasures, which as yet, have merely given an indication of their existence. The introduction of mining intelligence and capital is more a demand in Nevada than anything else. The treasurers are here, and the energy, and faithful, well directed efforts of men of nerve, of go-ahead-iveness, has but to be exerted, and immense revenues will be obtained. Never in the history of Nevada, has more prospecting been done than is now going forward. And, as a result, from every section the authenticated reports of rich strikes come. Cheaper living, better facilities of communication, and less impotence and speculation are the special requirements of the people of this state. L. S. B. Wadsworth, Oct. 14th '19.

## THE FAIR AT CARSON.

An Attractive Programme for To-Morrow—Something That the People of Reno Should Patronize.

The annual fair of the N. A. M. & M. Society opened in Carson yesterday. The prospect is good for a successful Fall meeting. They are favored with fine weather, and their track is now reported in fine condition. Carson yesterday was full of life and bustle and people were crowding into the place from every direction. The V. & T. railroad will convey passengers at half the usual rates during the fair. A large attendance is expected from Virginia should the weather keep favorable. The fare from Reno to Carson and back is now only \$1 50, and our citizens should avail themselves of the opportunity. Carson is a beautiful city and especially well worth visiting at this time. There are many good horses to contest the races. To-morrow there will be some fast trotting and a spirited race. The following is the programme for to-morrow, (Thursday):

Running—Free for all. Half mile and repeat; purse \$150; first horse \$100 and second horse \$50.

Hank Lufkins enters Red Oak.

Al Boles enters Dice Box.

John James enters Bettie Maguire.

Running—Dash one and one-quarter miles, for three-year-olds. Stake race and purse of \$150 added by Society.

R. K. Allen enters Lillie R. and Langfield.

Ther. Winters enters Oats.

Lem Wilson enters Bettie Maguire.

Trotting race—Class 2-27, three in five; purse \$500; first horse \$300, second horse \$120, third horse \$80.

M. Canavan enters Maggie C.

Adolph Shane enters Belle H.

James McKee enters St. Helena.

J. Cochran enters Ashley.

James McCord enters Gold Note.

## JOTTINGS.

## Were There Two Sam Bucklands?

There is a man named Sam Buckland farming at the Big Bend of the Carson river. At the inquest last night W. B. Maguire testified that the man found dead in the Truckee river, and known here as Mike Groody, had been known to him for twelve years as Sam Buckland. Sam Buckland, the Big Bend farmer, is to-day alive and well. It is possible that Mr. Maguire may have mistaken deceased for his old-time acquaintance.

## Oil Paintings By Auction.

An auction sale of oil paintings will take place this evening at the Dollar Store, Virginia street. These paintings are all fine works of art, sent out by the New York Art Association, and will be sold to the highest bidder for cash, without reserve. This will be a rare opportunity to secure bargains and adorn your houses.

## Going Home.

Murry Dunham, the photographer, will leave Reno for his home in Oakland, on Monday evening, Oct. 20th, his business there demanding his immediate attention. Mr. Dunham will continue to do work at his gallery, corner Sierra street and Commercial Row, up to Monday noon.

Strangers visiting our town during the Fair will do well to call at the Great Eastern I. X. I. in need of any goods usually kept in Dry Goods and Clothing stores. We guarantee to sell you goods at lower prices than can be bought anywhere in the United States. os
